### Free Shipping Program

This program allows Field Reps and/or Customers with qualified orders to receive Free UPS Ground Shipping. In order to qualify for Free UPS Ground Shipping, the order has to meet the following criteria:

The total of all line items on an order must be at least \$500.00, and the order must contain no Breeder bags.

If an order meets the conditions outlined above, then the UPS Ground Shipping is Free.\* If you choose an alternative shipping method that may be applicable to the order; such as, second day air, overnight mail or priority mail, the UPS Ground Shipping amount is deducted from the alternative shipping method of your choice and you would pay the difference. In other words, if you place a qualified order for at least \$500.00, we will apply a credit to all applicable shipping methods equal to the UPS Ground Shipping amount, which would make the shipping Free or give you a substantial discount.

\*The Free shipping offer applies to the 48 contiguous states. For orders going to Alaska, Hawaii and Puerto Rico, a credit equal to what the shipment would have cost going UPS Ground to the farthest zone in the contiguous U.S. is applied to all applicable shipping methods providing a substantial discount.
