

Biting Off More than you CAN CHEW?

Few things bring your dog more enjoyment than chewing on a tasty treat. And yet, every year, untold numbers of dogs suffer from a variety of digestive issues as a result of consuming rawhide. Not only that, but frequently rawhide is preserved with harmful chemicals.

That's why we offer a line of chew treats made using pork products, which are much

easier on your dog's entire digestive system and are free from potentially harmful chemicals. Our pork treats are not only safe, but incomparably appetizing to your sweet pup as well.

Whether you have a Chihuahua or a Great Dane, there's a pork treat made just for their size. So, say "goodbye" to traditional chew products, and give your dog something he or she can really enjoy – safely!

Life's Abundance® Porkhide Bones Oven-Roasted Treats For Dogs

Our Porkhide Bones are gourmet chew treats made with 100% natural pork skin and have a lasting, mouth-watering flavor your dog will love! These yummy treats are naturally high in protein, low in fat and are highly digestible.

The shape of the bone fits inside the mouth for maximum contact, which helps promote healthy teeth and gums. And they are safe for dogs of all ages. Your dog will love these safe, healthy and delicious treats!

Available in three sizes: Small (five 3" bones), Medium (four 4 1/4" bones) and Large (three 7" bones).

Life's Abundance® Porky Puffs Hickory-Smoked Pork Treats For Dogs

Dogs just can't resist the rich aroma and the delicious flavor of our hickory-smoked pig snouts. Loved by dogs of all sizes and ages, these yummy treats contain high-quality protein and they are sure to satisfy your pup's desire for a savory snack.

Five Porky Puffs per bag.
